Make a billboard available at the golf course which shows the daily results, starting lists and other relevant information.

If possible provide live scoring.

7. Accommodation

Try to find one or two big hotels at a reasonable price on or close to the Golf Course(s) to accommodate most of the teams. Prepayment of the hotels must be avoided. Try to make an arrangement with the hotels that they accept credit cards as guarantee.

Early starters may have to leave their hotel before 7.00 a.m., make an arrangement with the hotels for an early breakfast, breakfast take away bag or breakfast at the Golf Club.

8. Captains Meeting

Before the meeting, the orga team should establish a list with the captains' e-mails, to be completed during the meeting if necessary (see point 16.).

The Captains Meeting takes place at the end of the practice day of Marisa Sgaravatti Trophy at the golf course. Duration: max. one hour. All captains should attend this meeting. Plan the start of this meeting as late as possible, so that captains who are starting late on the practice day will still be able to attend. Start of the meeting will be planned by the Tournament Director.

The Tournament Director, the ESLGA representative in the Tournament Committee and the Head Referee should attend the Captains Meeting. It is recommended that all assistant referees are also attending. The President of the National Association and the President of the Golf Club may attend.

The Tournament Director/Head referee answers questions regarding the local rules (a copy is in the Information Pack), eventually informs about speed of play measures, holes with forecaddies, instructions incl. telephone numbers, how to call a doctor or a referee, the signal system if the game has to be interrupted or discontinued, the procedure of the match play with won/lost and halved matches and discontinuation of play with won matches, etc.. Captains must have the opportunity to ask questions.

Capacity of the room: about 50 persons, free soft drinks, water or tea/coffee will be appreciated.

9. Opening Ceremony

Allow minimum 2 hours time between the beginning of the captains meeting and the beginning of the opening ceremony. Before the official opening a photo session of all teams and countries takes place, allow approximately one hour for this procedure.

The official part of the opening ceremony consists of:

A team parade in alphabetical order with national flags and anthems to start with. The team of the host country and their national anthem will be the last of the parade.

Welcome by the national President, who also introduces the main persons responsible for the tournament, such as the President of the Golf Club, the Tournament Director, the Head Referee, the assistant referees etc. and – optional – sponsors. At a suitable moment the President of ESLGA or her deputy makes a speech and declares the tournament officially open.

It is up to the host country to brighten up the ceremony with some entertainment typical for the country.

After the Opening Ceremony drinks and a simple food buffet for all participants and officials follow. Please provide enough tables and seats for everybody, as well as a reserved table for all officials.

In case of bad weather, make available an inside location or a tent for the Opening Ceremony.

10. ESLGA Tee Markers and ESLGA Green Flags

It is the responsibility of the host country to collect the tee markers and green flags and national flags from the course(s) and ship them to the organizing country of the following year.

11. The Golf Course

ESLGA will provide tee markers and green flags and national flags from all the countries for the tournament (1-2x 18 of each and 1-2x national flags depending on how many courses the tournaments are played on) (see point 10).

2-3 ESLGA committee members/Tournament director should be granted a free round of golf on the championship course(s) to make sure that tee markers are placed in the right positions and to control the length of the course(s).

There are two main matters, which are important for a pleasant and smooth running of the tournaments:

1. The pace of play and
2. Clearly marked hazards to avoid discussions as well as calls for a referee.

In order to speed up the game the following measures are recommended:

- Position forecaddies on holes where it is considered desirable
- Limit searching time for balls by mowing high rough within a reasonable distance from the fairways
- Have reasonable pin positions
- Have marshals available who check timetable and pace of play
- Respect the recommended length of the course (around 5000 meters if possible, longer courses are accepted)

In order to avoid discussions:

- Take care of clearly marked penalty areas, including bunkers, Out of Bounds, Ground under Repair Areas, etc.
- Take care of swift communication possibilities with the referees.

12. Handicap Registration

ESLGA will monitor the handicap limits that are applicable to the participants.

13. Trolleys and Golf Carts

Pull trolleys must be made available free of charge for all the players who have asked for it. If electrical trolleys are available, mention the number, costs and reservation procedure in your communication with ESLGA. For those players, who bring their own electrical trolley, availability of power points is appreciated.

Provide a facility for overnight storage of trolleys and golf bags.

Golf carts are not permitted for players participating in the Marisa Sgaravatti Trophy. Sufficient golf carts must be available for the Tournament Director, the Referees, one ESLGA official, and players participating in the Masters Team Championship. If there are not sufficient golf carts for every player, golf carts will be equally divided by the countries.

Non-playing captains and delegates are not allowed to ride golf carts except for reasons granted by the Tournament committee.

14. The Club House

The Locker room/s should accommodate all players and officials (+/- 160 persons) and have enough showers and toilets.

Concerning the normal facilities in the clubhouse, inform each captain on the day of arrival of the following items:

- How many lockers are available per team
- Where golf bags and trolleys can be securely left overnight
- If batteries can be charged
- Where cars can be parked
- Opening hours of clubhouse, reception, shop and practice areas
- If breakfast is available for early starters
- Acceptance of credit cards
- Methods of payment (daily) and currency

The golf shop should at least sell the main items, such as golf balls, tees and gloves.

Early starters tend to stay in the clubhouse for lunch after play, inexpensive dishes are popular. Some teams will not pay individually but ask for a team account. Have the Club Restaurant accept these team accounts and ask for payment at the end of each day.

Provide towels for players who wish to shower in the Club house.

15. The Club Restaurant

ESLGA to discuss with orga team about a small menu (7-8 dishes including salads, pasta, 1 meat/fish dish) changing every 2nd day for players/officials and where they can eat (Clubhouse, terrace). Buffet lunch is not advisable.

16. Starting lists, Recording and Results

Fairness in the starting list is a top priority. It is obtained by splitting each team among early and late starting times.

In order to satisfy as much as possible the ESLGA principles of international understanding and friendship, ESLGA will draft the schedule for starting lists. The host club will fill in the schedule with names and make sure that all players will have new flight partners from different nationalities on day 1 and 2 of the Marisa Sgaravatti Trophy.

Have a well-placed and clearly indicated record room staffed with competent officials.

The daily results of the team, the individual results and starting lists for the next day should be posted as soon as possible on the information billboards in the clubhouse, and – if applicable – in the hotels and put in the pigeonholes. They should also be sent to all captains by e-mail.

ESLGA provides sample sheets for order of play for stroke and match play as well as sample recording sheets for the match play (to be adapted by the host country).

ESLGA and the organizing Golf Club/Golf Association will put results on their website.

17. Instructions to Starter and Players

The official starter on hole 1, and if applicable on hole 10, should take care of the following matters:

- Call the names and the countries of the starting flight, distribute the scorecards and pin positions
- Mention that distance devices are permitted, measuring distances only, mobile telephones should be switched off
- Mention speed of play
- Check if the players dispose of the local rules, the telephone numbers of first aid and of the referee

The General secretary is to remind the countries concerned.

A prize for the best individual score in the tournament or on any of the days may be awarded. When choosing this prize/these prizes please consider costs as well as size and weight (players might have to take it into the plane).

The medals and prizes are awarded by the hosts and an ESLGA official. Play the national anthem for the first 3 teams.

20. Health Certificates

Check if the National Health Authority requires health certificates for the players in the tournament. If so, communicate it at least 6 months in advance.

21. Sponsors

The acquisition of sponsors is highly recommended, however a local/national affair. The sponsors' financial support helps the ESLGA goals: to keep participating fees as low as possible.

To name an ESLGA tournament after the sponsor is not permitted! Try to keep the sponsors' exposure within generally accepted proportions.

22. ESLGA website

ESLGA will announce on its website the location and the date of Marisa Sgaravatti Trophy and Masters Team Championship.

ESLGA will put all necessary practical information on its website (special section) like captains list, restaurants nearby, evacuation plan, medical support, etc.

ESLGA will as soon as possible put the daily results on its website and make all results as well as pictures of the events available after the tournaments.

23. Recommendation on dates

The tournaments take place in the first half of July, but dates can vary due to high season hotel prices, expensive flights, etc. Earliest date: last week of June.

25. Closing Ceremony

The Closing Ceremony will take place at a time to be agreed upon with ESLGA Committee on the final day of the tournaments.

A photographer should be organized.

A short team parade will lead the teams to the designated area for the prize giving. The President of the National Senior Ladies Association will announce the three teams ranking 1 to 3 for the whole tournament for the Marisa Sgaravatti Trophy as well as for the Masters Team Championship. A short speech by the captains of the two winning teams may follow.

The ESLGA flag will be handed over to the President of the National Senior Ladies Golf Association of the host country of the following year.

The Tournament will be officially closed by the President of the ESLGA.

After the official Closing, drinks and a small buffet (if there was already an Official Dinner) or an Official Dinner will be made available to all participants, officials and volunteers on seated tables. Dancing music may be made available.

Welcome are players, team captains, presidents of National Associations. Sponsors, Tournament Committee Members, ESLGA committee members, Referees and other guests may be invited by the host country.

27. ESLGA Committee Meeting and Annual General Meeting

The ESLGA Committee meeting should be planned prior to the Captains Meeting. Please check the correct time and date with the ESLGA secretary. A small room for +/- 6 persons is needed.

The ESLGA Annual General Meeting should be planned on the evening of the first day of Marisa Sgaravatti Trophy. A meeting room for approximately 40-50 persons is needed.

Water and soft drinks and/or coffee/tea should be made available.

28. ESLGA shop

ESLGA is allowed to sell logo articles. They hold a small shop with logo items which are on sale during the tournaments. A big table in a prominent place, where everybody passes by, should be provided.
